

Leading with Purpose: Pioneering Sustainability in Finance

ESG Investor Presentation – Barclays
Emerging Markets Corporate Days 2026

June 2026

Disclaimer

THE INFORMATION SET OUT IN THIS PRESENTATION AND PROVIDED IN THE DISCUSSION SUBSEQUENT THERETO DOES NOT CONSTITUTE AN OFFER OR SOLICITATION OF AN OFFER TO BUY OR SELL SECURITIES. IT IS SOLELY FOR USE AT AN INVESTOR PRESENTATION AND IS PROVIDED AS INFORMATION ONLY. THIS PRESENTATION DOES NOT CONTAIN ALL OF THE INFORMATION THAT IS MATERIAL TO AN INVESTOR. This presentation has been prepared by (and is the sole responsibility of) National Bank of Kuwait S.A.K.P. (the “Bank”).

The information herein may be amended and supplemented and may not as such be relied upon for the purposes of entering into any transaction. This presentation may not be reproduced (in whole or in part), distributed or transmitted to any other person without the Bank's prior written consent.

The information in this presentation and the views reflected therein are those of the Bank and are subject to change without notice. They may be based on subjective assessments and assumptions and may use one among alternative methodologies that produce different results and, to the extent that they are based on historical information, they should not be relied upon as an accurate prediction of future performance. These materials are not intended to provide the basis for any recommendation that any investor should subscribe for or purchase any securities.

This presentation does not constitute an offer or an agreement, or a solicitation of an offer or an agreement, to enter into any transaction (including for the provision of any services). No assurance is given that any such transaction can or will be arranged or agreed.

Certain statements in this presentation may constitute forward-looking statements. These statements reflect the Bank's expectations and are subject to risks and uncertainties that may cause actual results to differ materially and may adversely affect the outcome and financial effects of the plans described herein. You are cautioned not to rely on such forward-looking statements. The Bank does not assume any obligation to update its view of such risks and uncertainties or to publicly announce the result of any revisions to the forward-looking statements made herein.

This presentation summarizes our sustainability strategy, material issues, opportunities, challenges, performance, and progress on the initiatives, for the reporting period January 1 to December 31, 2025, as well as achievements during the first half of the year 2026. It also brings into focus the commitments we are determined to fulfil going forward.

Our Key ESG Highlights

ESG at a Glance – Key Highlights

Responsible Banking

Sustainable Finance

- **USD 5.9 billion sustainable assets** as of 31 December 2025; **25% YOY growth**
- Published first **Green Bond Allocation & Impact Report**
- Launched new **Sustainable Financing Framework**

Climate Risk Management

- Developed and initiated implementation of a bank-wide **ESRM Framework**
- Launched an **ESG scorecard** across Group-level non-retail lending portfolios
- Conducted **ESG-focused sessions** for **500+ employees** across Business Units and Credit Risk Management

Environmental Management

- Committed to become **carbon neutral by 2060**
- **37.3%** reduction in operational emissions vs. 2021 baseline, **exceeding 25% 2025 target**

Responsible Procurement

- **84%** of total procurement spend directed to local suppliers.
- **80%** of significant products and services are assessed against ESG criteria
- **100%** of NBK's suppliers have formally certified their compliance with the ESG code

Governance For Resilience

Corporate Governance

- Established **board-level Sustainability Committee**
- All board members completed **ESG risk training**
- **100%** of **board members** with **ESG credentials** or experience
- **Zero** reported **whistleblowing** cases and incidents of breaching the code of conduct
- **Zero** incidents related to **corruption, fraud, money laundering, or bribery**

Enterprise Risk Management

- **Strengthened** risk governance, **advanced** automation and risk modeling, and **embedded ESG** into risk management practices
- **Zero data security breaches** involving customers' personally identifiable information

Transparency & Accountability

- Published first standalone **TCFD report**
- Submitted **UNGC Communication on Progress (CoP)**
- Aligned Group ESG Strategy with the **UN SDGs** and relevant SDG targets

Capitalizing on Our Capabilities

Human Capital Management

- **Total training hours:** 83,212
- **Average training hours per employee:** 33.88
- **91.5%** new hire success rate
- **77.4%** Kuwaitization rate

Employee Engagement & Wellbeing

- Introduced 3 days of annual **well-being leave** for all employees
- **2% absenteeism** rate, less than 3% threshold
- Launched the fourth bi-annual **employee engagement survey**, with **81%** response rate

Diversity, Equity & Inclusion

- **42.4%** females of total workforce
- Signatory to **UN Women's Empowerment Principles**
- Launched **DE&I Council** at the Group-level

Digital Transformation

- Launched full **end-to-end digital customer onboarding** via the NBK Mobile App
- **15%** year-on-year increase in digitally registered customers
- **Weyay Bank** introduced **digital-first card offering**, enabling virtual cards instead of physical issuance

Investing in Our Communities

Community Investments

- 2025 community investments: **USD 30.79 million**
- Reached a total of **77,970 beneficiaries**
- Expanded Bankee financial literacy program to **104 schools**, reaching over **53,000 students**

Financial Inclusion & Accessibility

- **SME lending** reached USD 86.44 million in 2025
- Achieved **13.2%** average **yearly SME lending growth rate** since 2022
- **125,850** active **Al-Amil accounts** supporting **low-income workers**

Customer Experience & Satisfaction

- Maintained an overall **satisfaction score** of **93%**
- **NPS** remained high at **65%**, indicating strong customer loyalty
- Captured feedback from **+57,000** customers in 2025 to enhance service quality

External Engagement and Recognition

ESG Ratings*

Upgraded to “A” from “BBB”

Significantly improved to 19.4 – Low Risk, up from 27.1

Scored “C” for 2025 for FS Climate Change Category

Score: 2.8/5 (Listed on FTSE Arab Federation of Capital Markets Low Carbon Select Index)

FTSE4Good

3.5/5 (Constituent of the FTSE4Good Index Series)

Scored 40/100 in S&P Global rating

NBK Headquarters awarded the Gold LEED Certification

*Note: ESG ratings are updated to date.

National and Global Frameworks

NBK ESG Strategy and Approach

Advancing NBK's ESG Strategy

NBK Group ESG Strategy – Enhanced Framework

Responsible Banking

Financing the Transition

NBK defines sustainable finance as the integration of environmental and social considerations across its activities, including financing and lending to support clients' sustainability objectives, investments in sustainable financial instruments, and investments in the Bank's own assets with environmental or social impact.

Channel Sustainable and Green Capital

- Channeling capital into sustainable and green opportunities, aligning financial performance with environmental and social impact.
- USD 5.9 sustainable financing portfolio as of 31 December 2025, achieving 59% of 2030 USD 10 billion target.
- Published first Green Bond Allocation & Impact Report in 2025.
- Eligible green assets reached USD 1.03 billion as of 31 March 2026.
- Led Kuwait's first LMA-aligned green loan, valued at USD 81.86 million, to finance a LEED Gold-certified mixed-use real estate development.

Advance Client Engagement and Advisory

- Deepened engagement with clients to understand transition plans and support the adoption of responsible and sustainable business practices.
- Strengthened sustainable finance capabilities across key business units through targeted ESG training, enhancing expertise, collaboration, and integration of sustainability across financing activities.

Expand Retail Business

- Expanding ESG retail products to meet evolving customer demand and support sustainable consumption patterns.
- NBK continues to offer preferential terms financing for eco-friendly electric vehicles (EVs) and sustainable housing loans, in partnership with prominent car dealers and sustainable product suppliers in Kuwait.
- At the Group-level, NBK Egypt launched the Electric Vehicle Loan program, resulting in the sale of 44 electric vehicles by the end of 2025.

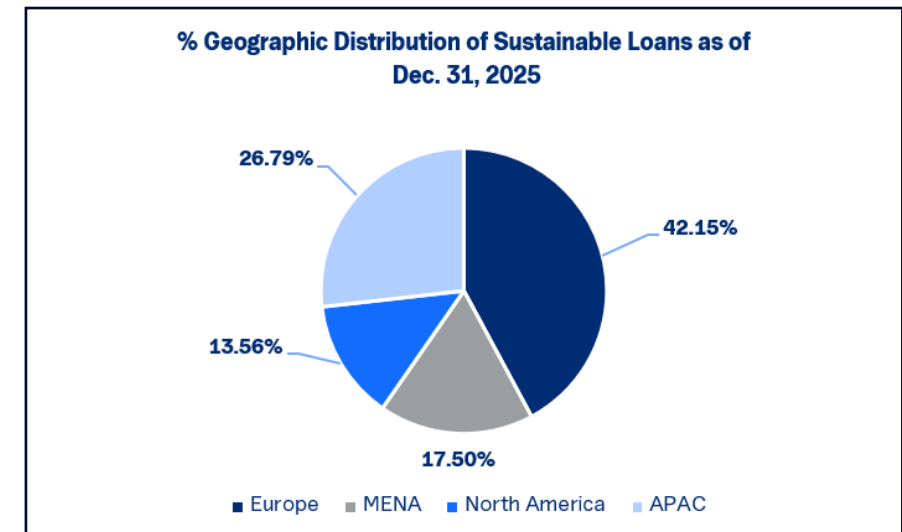

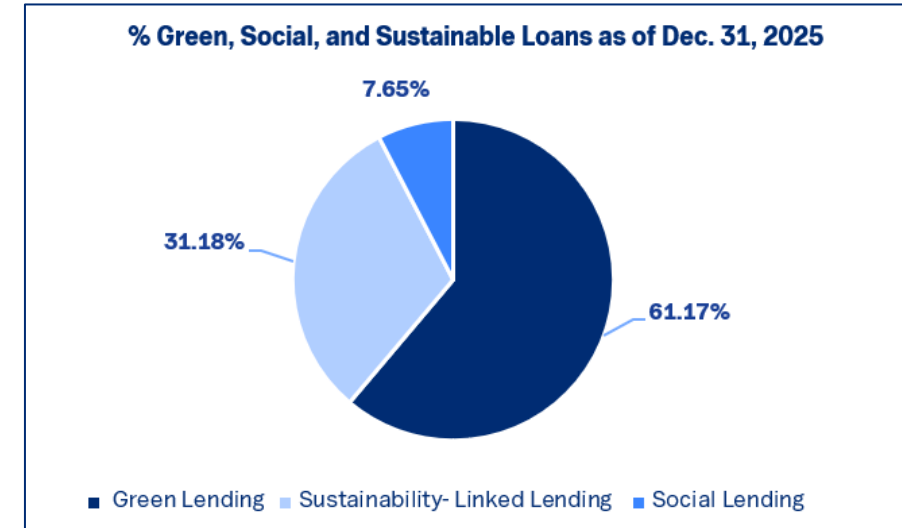

Capitalizing on New Business Through Sustainability...

Sustainable Finance Triumphs

NBK continues to make strong progress in sustainable finance, with **USD 5.9 billion** in sustainable assets booked as of Dec. 31, 2025. This represents **59% of the Bank's USD 10 billion target for 2030** and is supported by a diverse range of ESG-themed products. This is further broken down as follows:

Asset Type	Approx. Value (USD Billion)		YOY Growth
	2025	2024	
Sustainable Loans	3.1	2.5	23.3%
Fixed Assets (Green Building)*	0.4	0.4	-1.7%
Sustainable Investments	2.5	1.9	31.8%
Total Sustainable Assets	5.9	4.7	24.7%

***Methodology refinement:** The previously reported value of the green building (NBK Headquarters) has been revisited to ensure strict alignment with LEED Gold criteria. This refinement limits the scope to eligible green components of the building only, strengthening the accuracy and integrity of reporting and resulting in a corresponding slight adjustment to the total sustainable assets value.

2022 Sustainable Financing Framework – Allocation Report

In May 2025, NBK published its inaugural Allocation & Impact Report, confirming full (100%) allocation of proceeds from the June 2024 issuance. The eligible green assets portfolio increased by 64% year on year as outlined in the table below:

Green Asset Category	Value (USD million)		YOY
	31.03.2026	31.03.2025	
Green Buildings	593.99	474.06	25%
Renewable Energy	264.96	105.08	152%
Clean Transportation	169.13	46.3	265%
Total Value (USD million)	1,028.08	625.44*	64%

Key Metrics as of 31 March 2026:

Net proceeds of green bond allocation		100%
Total value of eligible green assets (EGA) USD million		1,028.08
EGA funded by green bond (%) / Value USD million	49%	500.00
EGA not funded by green bond (%) / Value USD million (buffer)	51%	528.08
% new assets of total EGA portfolio		48%
% refinanced projects of total EGA portfolio		52%

* To access the external verification report as well as related environmental impacts of eligible green assets' portfolio: [2025 Green Bond Allocation & Impact Report](#)

(%) Breakdown of Green Asset Categories of Total Eligible Green Assets Portfolio as of 31.03.2026

(%) Allocation of Total Eligible Green Assets Portfolio by Geography as of 31.03.2026

2026 Sustainable Financing Framework – Identified Assets

- NBK's inaugural Sustainable Financing Framework, launched in 2022, **will remain applicable for existing Sustainable Financing Instruments** issued before the inception of the 2026 Sustainable Financing Framework.
- Outstanding Sustainable Financing Instrument:

Label	Green
Principal Amount	500,000,000
Coupon	5.500%
Issuance Date	June 2024
Tenor	6NC5
Currency	USD

- The 2026 Sustainable Financing Framework will be used to **govern all new issuances** from 2026 onwards.
- As of 31 March 2026, NBK has identified approximately USD 695 million of potential eligible green assets under the new 2026 Sustainable Financing Framework.

2026 Sustainable Financing Framework Eligible Assets Portfolio as of 31.03.2026

*This figure is indicative and subject to change as the portfolio evolves.

Asset Category	Portfolio Output
Green Buildings	<ul style="list-style-type: none"> BREEAM Excellent LEED Platinum LEED Gold
Renewable Energy	<ul style="list-style-type: none"> Bioenergy production Battery energy storage systems

Climate Risk Management

ESG considerations are embedded across NBK's risk management and lending activities, supported by dedicated governance, advanced climate risk assessment capabilities, and consistent implementation across the Group.

ESG Risk Governance

- **BRCC** oversees climate-related risks and integration within the **ERM Framework**
- **BCC** incorporates sustainability and climate risk considerations into **lending decisions**
- Dedicated **ESG & Governance Risk Management Unit**
- **ESG Risk Management Framework** embedded across the Group
- **ESG training** and capacity building provided to **+500 employees** across business and risk functions
- Alignment with **TCFD recommendations** and evolving regulatory requirements

Climate Risk Assessment & Portfolio Alignment

- Climate risk integrated into **ICAAP Pillar 2** risk assessment
- **Climate stress testing** incorporated into risk management processes
- Assessment of **physical and transition climate risks** and capital planning processes
- **ESG Scorecard** integrated into credit assessment and lending decisions
- **Enhanced due diligence** for high-risk sectors and clients
- Participation in **PCAF** to measure **financed emissions** and support portfolio decarbonization

Group-Wide Implementation

NBK France:

- ESG and climate risks integrated into governance, risk appetite, and lending processes in line with EBA guidelines

NBK Egypt:

- ESMS implemented in line with CBE directives; ESG risk assessments conducted for 2,000+ credit proposals

NBK Singapore:

- Environmental Risk Management Framework implemented in line with MAS requirements, including ESG scoring and governance oversight

Environmental Management

NBK has consistently demonstrated its commitment to environmental stewardship through a structured and comprehensive environmental management approach that integrates the assessment, monitoring, and management of environmental impacts across its operations and business activities.

Commitment to Achieving Carbon Neutrality by 2060

Financed Emissions Management

- Measuring and managing **financed emissions across lending and investing portfolios**, supported by participation in the Partnership for Carbon Accounting Financials (**PCAF**)
- Linking emissions management with broader **climate risk management** and **portfolio alignment**

Operational Footprint

- Actively managing and reducing **operational emissions** across the Group, supported by **scientifically-aligned targets**
- **Driving efficiency** across energy use, buildings, and internal processes, including the integration of green building standards and certifications

Resource Preservation

- **Optimizing water and waste consumption** across operations through monitoring and efficiency measures
- Promoting **resource efficiency and responsible practices**, including waste reduction, recycling, and sustainable resource use across the Group

Responsible Procurement

NBK integrates ESG considerations across supplier onboarding, selection, and monitoring processes to strengthen supply chain resilience, improve operational efficiency, and support sustainable value creation.

Supplier Governance

- **ESG Supplier Code of Conduct** implemented across the supplier base
- **AML and sanctions screening** integrated into supplier onboarding
- **Annual compliance assessments** conducted to identify and address material social and environmental risks
- Formal **vendor feedback process** introduced to enhance transparency and fairness

Procurement Digitalization

- Procurement Policy enhanced to support **automation and digital integration**
- **SharePoint and OpenText workflows** replacing paper-based approvals
- Contract-related **invoices processed digitally**
- Vendor documentation **fully digitized**
- Unified **cloud-based procurement platform** under development

Future Roadmap

- Formal **supplier evaluation and categorization methodology** being developed
- Expansion of **ESG data collection** across the supplier base
- Enhanced **supplier ESG performance monitoring**
- Increased integration of **sustainability considerations into procurement decisions**

Governance For Resilience

Governance & Accountability for Sustainable Value Creation

NBK is committed to maintaining robust governance practices and frameworks that support long-term sustainability, underpinned by strong corporate governance, high ethical standards, rigorous compliance, and effective ESG governance and oversight.

Governance Structure & Accountability

- **36%** Independent directors (4 out of 11 Board members)
- **Separate** and **complementary roles** of Chairman and Group CEO
- **100%** industry expertise across the Board
- Board-led oversight through **dedicated Board Committees**
- **Clearly defined roles and responsibilities** across Board committees and Executive Management
- **Equal voting rights** for all shareholders, including foreign and non-resident investors

ESG Governance

- **Board Sustainability Committee** established to enhance ESG governance and oversight, with independent and female Board representation
- **ESG oversight** embedded within Board and management governance structures
- **100%** of board members with ESG credentials or experience
- **Executive-level Sustainability & Climate Change Committee** overseeing ESG implementation across the Group
- **ESG** considerations integrated into **strategic planning and decision-making**

Business Ethics & Compliance

- **Code of Conduct** applicable across the Group
- **Whistleblowing** and **grievance** reporting mechanisms
- **Mandatory employee training** on ethics and compliance requirements
- **Zero-tolerance approach** to misconduct, supported by strong controls and enforcement
- **Proactive prevention of financial crime** and human rights risks, underpinned by robust policies and due diligence

Integrated Risk Management for Resilience

NBK's Enterprise Risk Management framework integrates sustainability, resilience, and digital risk governance across all risk disciplines, strengthening the Bank's ability to navigate emerging risks, ensure regulatory compliance, and support long-term value creation.

Risk Governance

- **Board-approved Risk Appetite Statement** defining quantitative and qualitative risk limits
- Board and management oversight through **dedicated risk governance structures**
- **Enterprise-wide risk framework** aligned with regulatory requirements and international best practices
- **Risk culture** promoting accountability and informed decision-making

Risk Assessment & Monitoring

- **Continuous identification, assessment, monitoring, and reporting** of material risks
- **Risk assessments** embedded across products, services, and business activities
- **Formal incident monitoring and escalation processes** to identify emerging risks
- **Ongoing review of risk exposures** against approved risk appetite limits

Business Continuity

- **Business Continuity Management** framework supporting critical operations
- **Three Lines of Defense** model strengthening risk ownership and control effectiveness
- Crisis preparedness and **resilience planning** to manage business disruptions
- **ISO 22301 certified** Business Continuity Management System

Digital Risk, Privacy & Cybersecurity

- **Cybersecurity and information security** integrated into the risk management framework
- **Continuous monitoring** of technology, cyber, and digital risks
- **ISO 27001:2022 certified** Security Framework
- **Robust data security framework** to safeguard customer data and prevent security breaches

Enhancing Trust & Stakeholder Confidence

NBK promotes transparency and accountability through comprehensive ESG disclosures, active stakeholder engagement, responsible customer practices, and participation in initiatives that support sustainable development.

ESG Disclosure & Transparency

- ESG disclosures aligned with **GRI, SASB, TCFD, and GHG Protocol**
- Alignment with **Kuwait Vision 2035** and **Boursa Kuwait ESG reporting guide**
- Governance and disclosures aligned with **TCFD** to strengthen climate risk management and transparency
- Ongoing alignment with **UN Global Compact** principles, supported by regular disclosure

Stakeholder Trust and Responsible Engagement

- **Ongoing engagement** with investors, customers, regulators, suppliers, and communities
- Commitment to **customer protection, fair treatment, and responsible business conduct**
- **Responsible marketing** and communication practices supporting transparency and trust
- Advertising practices **aligned with International Chamber of Commerce (ICC) Code**

Partnerships, Alliances & Industry Leadership

- Signatory to the **UN Global Compact**
- Participant in **PCAF**, supporting financed emissions measurement
- Supporter of the **UN Sustainable Development Goals**
- Active participation in the **Kuwait Banking Association (KBA) ESG Committee**

Capitalizing on Our Capabilities

Developing Talent for Sustainable Growth

NBK is strengthening its human capital through a holistic, data-driven approach that integrates talent development, employee well-being, and diversity & inclusion, building a resilient, future-ready workforce that supports long-term growth, enhances organizational performance, and delivers sustainable value creation.

Human Capital Management

- **Strategic workforce transformation:** Aligning talent acquisition and nationalization with long-term growth and business priorities
- **Future-ready capabilities:** Building critical skills through innovative, data-driven learning and continuous upskilling
- **Leadership pipeline growth:** Developing robust succession pipelines through structured leadership development and talent management
- **Integrated talent platforms:** Standardizing career frameworks and enabling mobility to enhance transparency, retention, and organizational performance

Employee Engagement & Wellbeing

- **Employee-centric culture:** Embedding structured engagement and feedback channels to drive continuous improvement
- **Holistic well-being:** Promoting physical, mental, and financial well-being through integrated programs and benefits
- **Leadership accountability:** Reinforcing management ownership of employee engagement, well-being, and workplace experience
- **Safe and supportive environment:** Ensuring accessible grievance channels, strong protections, and a culture of trust and transparency

Diversity, Equity, & Inclusion

- **Strong governance and accountability:** Embedding DE&I through dedicated oversight, clear policies, and zero-tolerance principles aligned with global standards
- **Inclusive talent development:** Promoting equitable access to learning, career progression, and leadership opportunities across the workforce
- **Culture of inclusion:** Integrating diversity and inclusion across recruitment, development, and employee engagement to strengthen organizational culture

Digitalization at the Core

Aligned with NBK's Digital Transformation Strategy, the Bank continues to leverage technology and innovation to enhance customer experience, streamline operations, expand access to financial services, and create long-term value for stakeholders.

The Bank's digital banking strategy is built on dual-track approach:

Digital transformation of the core: A comprehensive program to modernize and digitize the existing business, channels and operations.

Building native digital businesses through innovation: Building digital first business models beyond the traditional banking core, leveraging AI and fintech ecosystems.

Investing in Our Communities

Strengthening Community Impact, Inclusion & Customer Experience

NBK advances sustainable social development, financial inclusion, and customer experience through a coordinated approach that integrates targeted community investments, inclusive banking solutions, and digital innovation. This approach positions the Bank to capture growth opportunities, reinforce customer loyalty, and deliver long-term, sustainable value for both society and shareholders.

Community Investments

- **Targeted community investment:** Structured investments and partnerships across priority themes such as youth empowerment, financial literacy, and community well-being
- **Impact-driven programs:** Scalable initiatives aligned with national priorities and global frameworks (e.g., UN SDGs)
- **Stakeholder engagement:** Active participation through partnerships and employee volunteering to strengthen community impact and culture
- **Responsible approach:** Governance and risk considerations to ensure programs are delivered responsibly and without adverse impact

Financial Inclusion & Accessibility

- **Inclusive banking access:** Expanding access through a multi-channel approach, combining physical presence with digital platforms
- **Targeted segmentation:** Developing tailored solutions for underserved segments, including youth, SMEs, and lower-income customers
- **Digital enablement:** Leveraging digital channels to simplify onboarding, enhance accessibility, and support broader adoption of financial services
- **Financial empowerment:** Promoting financial literacy and responsible banking to strengthen long-term inclusion and customer resilience

Customer Experience & Satisfaction

- **Customer-centric design:** Embedding customer needs at the core of product development and service delivery across all channels
- **Digital-first experience:** Leveraging digital capabilities to deliver seamless, convenient, and accessible customer journeys
- **Data-driven insights:** Utilizing customer data and feedback to inform continuous service improvements and decision-making
- **Service excellence & loyalty:** Strengthening customer satisfaction through quality standards, responsiveness, and personalized engagement

1. Strategy, Governance & Stakeholder Engagement

Where We Are Headed: ESG Vision and Mission

VISION STATEMENT

To lead in shaping a financial system that delivers inclusive prosperity and creates lasting value for people and the planet.

MISSION STATEMENT

We aim to create enduring value for our stakeholders by embedding environmental and social principles into our core business, fostering innovation and inclusive growth, reinforcing strong governance, and leading an equitable and just transition toward a low-carbon future.

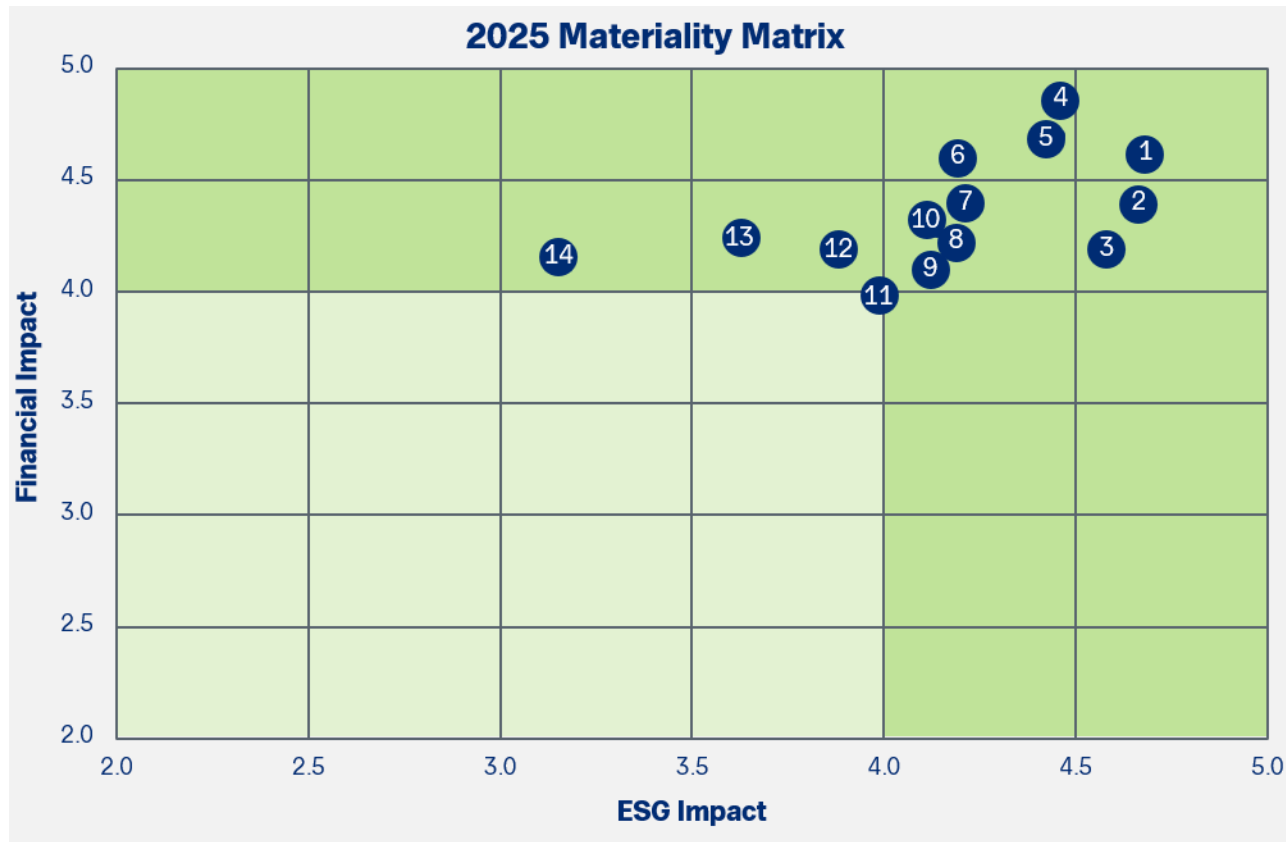

Stakeholder Impact and Engagement

Determining what ESG-related risks, issues, impacts and opportunities are most important for NBK, and its stakeholders is a critical element in formulating and defining the Group’s ESG Strategy and approach.

In 2025, NBK conducted a materiality refresh, applying a **double materiality** approach in line with **IFRS S1 and S2 standards**, to reassess its ESG priorities based on evolving trends, regulatory developments, and stakeholder engagement; which confirmed the continued relevance of existing material topics.

ESG Governance Framework

In 2026, alongside the update of the Group's ESG Strategy, NBK enhanced its ESG governance framework to better support its evolving strategic priorities and future ambitions.

Board of Directors

The **Board of Directors** retains ultimate responsibility for ESG and climate-related matters, setting strategic direction, risk appetite, and ensuring integration across governance and risk management.

Board Sustainability Committee

The **Board Sustainability Committee** provides dedicated oversight of sustainability and climate matters, monitoring ESG strategy implementation, reviewing risks and opportunities, and ensuring alignment with regulatory requirements and market practices, while supporting the Board through review of key initiatives, targets, and disclosures.

Sustainability & Climate Change (S&CC) Committee

The **Sustainability & Climate Change Committee** translates Board direction into action, overseeing ESG implementation and integration across the Group, and reports directly to the Board Sustainability Committee.

Sustainable Financing Working Group (SFWG)

The **Sustainable Financing Working Group** oversees the selection, monitoring, and alignment of eligible assets in line with the Sustainable Financing Framework, including portfolio management, proceeds allocation, and approval of allocation and impact reporting with external verification.

2. NBK Sustainable Financing Framework

Sustainable Financing Framework

NBK's Sustainable Financing Framework reflects its commitment to integrating ESG priorities across its business and operations, supporting the transition to a sustainable, low-carbon economy and advancing Kuwait's 2035 vision. In June 2026, NBK launched its new Framework, building on its inaugural Framework introduced in 2022.

Sustainable Financing Framework (2026) Key Features:

- **Aligned with international best practices:** In line with the Green Bond Principles (2025) and Social Bond Principles (2025), as well as the Sustainability Bond Guidelines (2021) issued by ICMA, as well as the Green and Social Loan Principles of the LMA, LSTA and APLMA.
- **Independent external verification:** Second Party Opinion provided by Sustainable Fitch, with an "Excellent" rating. **(See slide 41).**
- **Expanded scope:** The Framework has been enhanced to include blue finance and a broadened scope of eligible activities, positioning NBK to capitalize on a wider pipeline of sustainable financing opportunities.
- **Multi-instrument applicability:** Designed to support a range of financing instruments, including senior unsecured bonds, subordinated bonds, private placements, loans, deposits, and commercial papers.

Key Components

1 Use of Proceeds

- Net proceeds are allocated to finance/refinance a diversified portfolio of eligible green and social assets associated with clear, measurable environmental and social benefits. **(See slide 37)**

2 Process for Evaluation & Selection

- Sustainable Financing Working Group oversees the evaluation and inclusion of assets in the Eligible Asset Portfolio.
- The Portfolio is reviewed on a quarterly basis, with ineligible assets being promptly removed.

3 Management of Proceeds

- Net proceeds will be managed on a portfolio basis.
- NBK will ensure that the balance of the Eligible Assets Portfolio matches or exceeds the total balance of instruments outstanding.

4 Reporting & External Review

- Allocation Report: Published annually and until full allocation, with an independent external verification.
- Impact Report: Provided to investors, outlining impacts of the Eligible Assets Portfolio.

NBK's Sustainable Financing Frameworks and SPO reports can be found on NBK's website: [NBK | Sustainable Finance](#)

Pillar 1: Use of Proceeds

Under the new Framework, NBK can issue the following instruments:

- 1 **Green Financing Instruments** – the proceeds are exclusively allocated to eligible green asset categories.
- 2 **Blue Financing Instruments** – the proceeds are allocated to eligible blue projects, a subset of green asset categories, in alignment with ICMA and IFC blue finance guidelines.
- 3 **Social Financing Instruments** – the proceeds are exclusively allocated to eligible social asset categories.
- 4 **Sustainability Financing Instruments** – the proceeds are allocated to both green and social asset categories.

Eligible Green Asset Categories:

Renewable Energy

Low Carbon Energy

Energy Efficiency

Clean Transportation

Sustainable Water & Wastewater Management

Green Buildings

Sustainable Management of Living Natural Resources & Land Use

Pollution Prevention & Control

Circular Economy

Climate Change Adaptation

Eligible Social Asset Categories:

Access to Essential Services: Health Care & Education

Affordable Basic Infrastructure

Affordable Housing

Employment Generation & Socioeconomic Advancement & Empowerment

Food Security

Pillar 2: Process for Evaluation & Selection

All potential eligible assets undergo a robust, multi-step assessment process:

- NBK established the Sustainable Financing Working Group with responsibility for governing and overseeing the selection and ongoing monitoring of the Eligible Assets.
- The Sustainable Financing Working Group is chaired by a member of Executive Management and consists of senior members from Finance, Treasury, Sustainability, Risk Management, and Investor Relations.
- The Sustainable Financing Working Group is responsible for:

Asset selection & alignment: Evaluate and approve eligible assets in line with the Framework's eligibility criteria and NBK's policies, including ongoing monitoring and replacement of ineligible or matured assets.

Oversight & reporting: Oversee proceeds allocation to ensure portfolio coverage of issued instruments, and approve and publish allocation and impact reporting, including external assurance.

- NBK applies a four-eyes governance principle, with dual-level review and approval of eligible assets and allocations.
- Eligible assets are reviewed by the Sustainable Financing Working Group and subsequently approved by the Sustainability & Climate Change Committee, the highest management authority for ESG decision-making at the Group-level.

Pillar 3: Management of Proceeds

NBK applies a structured and disciplined approach to tracking, allocating, and managing proceeds from Sustainable Financing Instruments, ensuring full alignment with the Framework and ongoing portfolio integrity, as outlined below:

Proceeds tracking & allocation: Finance and Treasury manage net proceeds on a portfolio basis, allocating to Eligible Assets in line with approvals by the Sustainable Financing Working Group

Portfolio approach: Proceeds are earmarked within the general funding account and tracked dynamically, with reallocation applied where assets no longer meet eligibility criteria

Governance & oversight: The Sustainable Financing Working Group oversees eligibility, removal, and replacement of assets to ensure continued compliance with Use of Proceeds criteria

Allocation target: NBK aims to fully allocate proceeds within three years, maintaining a portfolio value that meets or exceeds outstanding instruments

Temporary use of proceeds: Pending allocation, unallocated funds are held in ESG-labelled instruments or liquid assets in line with NBK's liquidity policy

Pillar 4: Reporting & External Review

For each Sustainable Financing Instrument, NBK commits to publishing an allocation and impact report annually, and until full allocation of the proceeds, and in the event of any material changes until the relevant maturity date.

Allocation Reporting

The Allocation Report will provide details on the Eligible Assets Portfolio such as:

- Net proceeds of outstanding Sustainable Financing Instruments
- Amount of net proceeds allocated to Eligible Asset Categories
- Subject to confidentiality considerations, description of projects financed
- The proportional financing / refinancing
- The balance of unallocated proceeds, if any

The report will be externally verified by an independent auditor and made available on NBK's website.

Impact Reporting

- NBK will provide impact reporting at the level of each Eligible Asset Category
- Where feasible, NBK will align the reporting with the portfolio approach described in "ICMA Harmonized Framework for Impact Reporting Handbook as of June 2024"
- NBK will disclose assumptions and baselines, as well as distinguish between actual and estimated impact metrics
- NBK may appoint a technical consultant to assist with the development of the methodology for the estimation and calculation of environmental / social impacts of Eligible Assets

Second Party Opinion (SPO)

NBK engaged with Sustainable Fitch to provide a Second Party Opinion on the 2026 Sustainable Financing Framework, to confirm alignment with the Green Bond Principles (2025) and Social Bond Principles (2025), as well as the Sustainability Bond Guidelines (2021) issued by ICMA, as well as the Green and Social Loan Principles of the LMA, LSTA and APLMA.

Sustainable Fitch concluded that the Framework’s alignment with these Principles is ‘Excellent’.

Legend for alignment ratings:

- Excellent** (Teal with checkmark icon)
- Good** (Light teal)
- Aligned** (Lightest teal)
- Not Aligned** (Orange)

Pillar	Use of Proceeds	Use of Proceeds – Other Information	Evaluation & Selection	Management of Proceeds	Reporting & Transparency
Alignment	Good	Good	Excellent	Excellent	Excellent

3. Data Performance Tables

Environmental

Metric	Calculation	2025	2024
GHG Emissions	E1.1) Total amount, in CO2 equivalents, for Scope 1 (if applicable)	777.13 mtCO ₂ e	2,847.92 mtCO ₂ e
	E1.2) Total amount, in CO2 equivalents, for Scope 2 (if applicable)	23,530.00 mtCO ₂ e	24,969.08 mtCO ₂ e
	E1.3) Total amount, in CO2 equivalents, for Scope 3 (if applicable)	1,174.75 mtCO ₂ e	1,307.65 mtCO ₂ e
Emissions Intensity	E2.1) Total GHG emissions per output scaling factor	N/A	N/A
	E2.2) Total non-GHG emissions per output scaling factor	N/A	N/A
Energy Usage	E3.1) Total amount of energy directly consumed	N/A	N/A
	E3.2) Total amount of energy indirectly consumed	157,938,804.60 Megajoules	157,177,014.10 Megajoules
Energy Intensity	Total direct energy usage per output scaling factor	N/A	N/A
Energy Mix	Percentage: Energy usage by generation type	<ul style="list-style-type: none"> ▪ Solar energy consumption: 0.15% ▪ Purchased Electricity/ Mobile and Stationary combustion: 99.85% 	100% purchased electricity
Water Usage	E6.1) Total amount of water consumed	37,065,965.33 Imperial Gallons (IG)	37,124,265.00 Imperial Gallons (IG)
	E6.2) Total amount of water reclaimed	N/A	N/A
Environmental Operations	E7.1) Does your company follow a formal Environmental Policy? Yes/No	No	No
	E7.2) Does your company follow specific waste, water, energy, and/or recycling polices? Yes/No	No	No
	E7.3) Does your company use a recognized energy management system? Yes/No	Yes	Yes
Environmental Oversight	Does your Board/Management Team oversee and/or manage climate-related risks? Yes/No	Yes	Yes
	Does your Board/Management Team oversee and/or manage other sustainability issues? Yes/No	Yes	Yes

Social

Metric	Calculation	2025	2024
Gender Pay Ratio	Ratio: Median male compensation to median female compensation	N/A	N/A
Employee Turnover	S3.1) Percentage: Year-over-year change for full-time employees	0.65% increase YoY	1.33% increase YoY
	S3.2) Percentage: Year-over-year change for part-time employees	0.00% - no change	66.67% decrease YoY
	S3.3) Percentage: Year-over-year change for contractors and/or consultants	N/A	N/A
Gender Diversity	S4.1) Percentage: Total enterprise headcount held by men and women	<ul style="list-style-type: none"> ▪ Percentage of Males in workforce: 57.6% ▪ Percentage of Females in workforce: 42.4% 	<ul style="list-style-type: none"> ▪ Percentage of Males in workforce: 56.8% ▪ Percentage of Females in workforce: 43.2%
Temporary Worker Ratio	S5.1) Percentage: Total enterprise headcount held by part-time employees	In 2025, NBK workforce had 1 part-time employee, representing 0.041% of total workforce	In 2024, NBK workforce had 1 part-time employee, representing 0.041% of total workforce
	S5.2) Percentage: Total enterprise headcount held by contractors and/or consultants	N/A	N/A
Non-Discrimination	Does your company follow a sexual harassment and/or non-discrimination policy? Yes/No	Yes	Yes
